

**Community Partner:** Boys and Girls Club of the Golden Triangle

**Action Team:** Teenage Mutant Ninja Mentors

**Action Team Members:** Lonnell Andrews, Stephanie Barber, Brad Chapman, Jawan Elliot, Matthew Lingle, JayNee Robinson, Taryn Smith

The Teenage Mutant Ninja Mentors completed 190 service hours for the Boys and Girls Club, logged 85 visits, and traveled 377 miles. The purpose of their work was to provide the Boys and Girls Club with tutors to help the students with their schoolwork. The Teenage Mutant Ninja Mentors established a "Get Fit" area, beautified the gym, and provided game materials. They purchased necessary supplies to make the requested improvements on the gym and helped to provide age appropriate exercise equipment to promote a healthier lifestyle. The team also interacted with the children through tutoring and spending one-on-one time with them. The Teenage Mutant Ninja Mentors hope, "the benefits of the one-on-one time will hopefully help the children improve in their school work, Influence their decisions to give back to the community, and help them make positive future choices."
