

**Community Partner:** Catch-A-Dream

**Action Team:** The Hunt Club

**Action Team Members:** Sam Burton, Brian Coudit, Clay Gholstou, Andy Lucas, Joseph Poole

During the 2008 Day One semester, the Hunt Club Action Team completed 142 hours, logged 74 visits, and traveled 1513 miles. The purpose of their work was to aid Catch-A-Dream in their fulfillment of terminally ill children's dreams of hunting and fishing. The members of The Hunt Club each completed 11 hours of training to prepare them for their trip with the children. In addition to completing training, they helped the Catch-A-Dream staff prepare to leave and joined them on their trip to the Mississippi Delta. At the end of the trip, the team held a special presentation for the children. The members of The Hunt Club developed a special bond with the children through a unique opportunity of providing service.
