The Code: Rediculous Action Team completed 152 hours of service for the Columbus YMCA, logged 79 visits, and traveled 1824 miles during the 2008 Day One semester. The purpose of their work was to expand the YMCA's programs, to become mentors to the children, and to landscape the front yard of the facility. Code: Rediculous developed and assisted with the New Hope Elementary after school program at the YMCA, help write Christmas cards for the troops, and planted flowers and shrubs to enhance the front yard of the YMCA. Through working on their project, Code: Rediculous, "realized that leading is more than running for an office; it's about listening to others and forming bonds as a community."
