

**Community Partner:** Sally Kate Winters Family Services

**Team name:** The Fingerprints

**Team Members:** Summerly Brown, Trey Gaines, Marcus Herron, Katie Hubert, April Rollins, Charles Scott

The Fingerprints Action Team completed 129 hours of service to Sally Kate Winters Family Services, logged 72 visits, and traveled 1,404 miles during the fall semester of 2008. The purpose of their work was “to provide activities in a safe and entertaining environment that will enhance the social, emotional, and educational growth of the children as well as to help the Sally Kate Winters staff in any way possible when children are not in need of assistance.” The Fingerprints Action Team addressed their purpose by developing activities that gave children both an educational and fun experience and by helping the staff at Sally Kate Winters in any way possible. The Fingerprints team had this to say about their project: “All of the goals we set were completed. We created binders for the children that contain different activities for volunteers to participate in with the children. We also helped in other ways, such as in the resource room and the play area (hanging things up and cleaning toys); Above all we loved playing with the children. Seeing the children’s faces light up when we played games with them just makes everything worthwhile. As the Fingerprints we believe we have left our handprint at Sally Kate Winters.”
