

Community Partner: Unity Hospice

Action Team: Golden Moments

Action Team Members: Taylor Humphries, Jasmine Ivy, Sam Jones, Elizabeth martin, Valerie Smith, Ian Runnels

During the 2008 Day One semester, the Golden Moments Action Team completed 143 service hours, logged 97 visits, and traveled 1,564 miles for their community partner, Unity Hospice. The purpose of their work was to bring joy to patients' lives through personal visits and to comfort to the patients' families by creating a scrapbook and video of each individuals special memories. Golden Moments created a scrapbook filled with pictures of the patients and the different activities they assisted with. In addition to making a scrapbook, the team baked cookies, delivered Halloween bags to the patients, and also spent time entertaining the patients through various activities. The members of Golden Moments enjoyed their project and connected with the patients of Unity Hospice in a unique way.
